D'AQUISTO®

D'Aquisto source only the highest quality raw materials in the production of their comprehensive range of strings, which allows the USA company to guarantee the consistency, tone and playability of each and every string they make. Using the finest selected wire combined with a precise and meticulous process of construction, produces versatile, clear-toned strings with an evenly-balanced string-to-string sound able to produce the best tone possible, whether with gentle acoustic fingerpicking, to the complex resonant detail and cascading harmonics of a heavily overdriven amplified guitar sound.

SIGNATURE JAZZ SERIES

The D'Aquisto Signature Series strings for jazz guitarists are unquestionably the finest flat wound and round wound strings available today. Designed for the discriminating player, these Sleek-Finish Stainless Steel Flat Wound and Nickel-Plated Round Wound strings are painstakingly wound on our own machines to assure the player of consistency throughout the range. Available in a variety of gauges, the D'Aquisto Signature Series combine beautiful tone with long-lasting characteristics to bring out the best whether it's a vintage D'Angelico New Yorker or one of today's wonderful custom archtop guitars.

Sleek-Finish Stainless Steel Flat Wound

ROCK & ROLL - THE EDGE

With the ever-changing technology of today's electric guitars and amplification systems, every guitarist needs an edge. D'Aquisto's Rock and Roll series of electric guitar strings gives them just that. The Edge Series are available in Stainless Steel Round Wound and Nickel-Plated Round Wound. Bright, toneful and long-lasting, consistent quality is assured because D'Aquisto Strings are wound right in our own factory on machines built in-house. The entire string-making process is under our watchful eye so you know when you buy D'Aquisto Strings, you get D'Aquisto Strings!

Nickel-Plated Round Wound

CLASSICAL SILVERLINE

It takes a superior string to effectively produce the wide dynamic range required by the classical guitarist yet hold up to the rigours of concert repertoire. Classical guitarists demand perfection from their instrument, their performance and their strings. The D'Aquisto Silverline delivers with finely polished silver basses and crystal clear trebles, available in both tie-end and ball-end. And, as always, the Silverline classical guitar strings are manufactured in the USA on our exclusive string winding machines.

Tie Ends

- DQ410 Crystal Nylon Trebles/Med. High Tension Silver Basses
- DQ420 Crystal Nylon Trebles /High Tension Silver Basses
- DQ430 Crystal Nylon Trebles /Extra High Tension Silver Basses

Ball Ends

- DQ440 Crystal Nylon Trebles /Normal Tension Silver Basses
- DQ450 Black Nylon Trebles /Normal Tension Gold Basses

ROCK BOTTOMS ELECTRIC BASS

D'Aquisto Rock Bottoms are designed to accommodate virtually any type of music on just about any type of electric bass. Whether it is funk, jazz or rock and roll, Rock Bottoms are available in a variety of gauges in both Stainless Steel or Nickel Round Wound in four or five string sets. The bass powers the music and Rock Bottoms Electric Bass Strings power the bass.

Nickel Round Wound
