Duet LED Music Light

The revolutionary music stand light with two fully adjustable goosenecks to cover two pages of sheet music and more! Two Super LEDs with separate switches never need replacing.

Music Lights

Details

- Super LED never need replacing
- Custom engineered reflector with optical grade lens spreads light evenly with no hot spots
- Lightweight model easily bends to compact position for storage
- Extra strong clip grips almost anything, or use free standing
- Powered by 3 AAA batteries (included)

XtraFlex LED Music Light

An extremely flexible LED light for your music stand or low light situations backstage. Gooseneck allows for infinite manoeuvrability of light.

**Details**

- Featuring three ultra-white, state of the art LEDs
- Long life LEDs never need replacing
- Custom engineered reflector with optical grade lens spreads light evenly with no hot spots
- Super sleek, super compact design allows for storage anywhere
- Telescoping arm for maximum adjustability, retracts into the holder
- Clip on to music stand, or use free standing
- Fully collapsed unit can be used as a flashlight backstage
- Durable bag included
- Powered by 3 AAA batteries (included) or optional AC adaptor (MLB04)

Triple LED Light

Triple your light output! The unique, fully extending arm and manoeuvrable head allows for easy positioning of light over sheet music.

**Details**

- Nine light emitting diodes (LEDs) illuminate up to four pages of sheet music
- Rugged, solid state lighting technology lasts up to 100,000 hours
- Offers up to 16 hours of continuous use on the high setting or 24 hours on the low setting
- Easy access power switch on top controls two brightness levels
- Strong and flexible gooseneck arm that moves in as many directions as needed
- Sturdy clip attaches to music stand or sits freestanding
- Shade on back of lamp head directs more light on music and reduces glare towards audience
- Illuminates your sheet music at 54 Lumens on the high setting or 36 Lumens on the low setting
- Durable bag included
- Powered by a long corded AC adaptor (included) or 3 AA batteries (included)

9 LED Orchestra Light

The ultimate light for all low light and controlled light situations. The white LED light increases the contrast and readability so you will see every note on your sheet music more clearly! Play to your highest potential with the Orchestra Light.

**Details**

- Dual flexible arms provide infinite manoeuvrability
- Two White LED lights for normal illumination
- Two Red LED lights for low light vision
- Separate switches on each light head turn on one or two LEDs
- Super LED never need replacing
- Custom engineered reflector with optical grade lens spreads light evenly with no hot spots
- Easily bends to compact position for storage
- Extra strong clip grips almost anything, or use free standing
- Powered by 3 AAA batteries (included) or optional AC adaptor (MLB04)

LED Pedal Board Light

The radical pedal board light comes with two fully adjustable goosenecks to cover the action on stage or back stage! Four LEDs, one white and one night vision red set. LEDs never need replacing.
